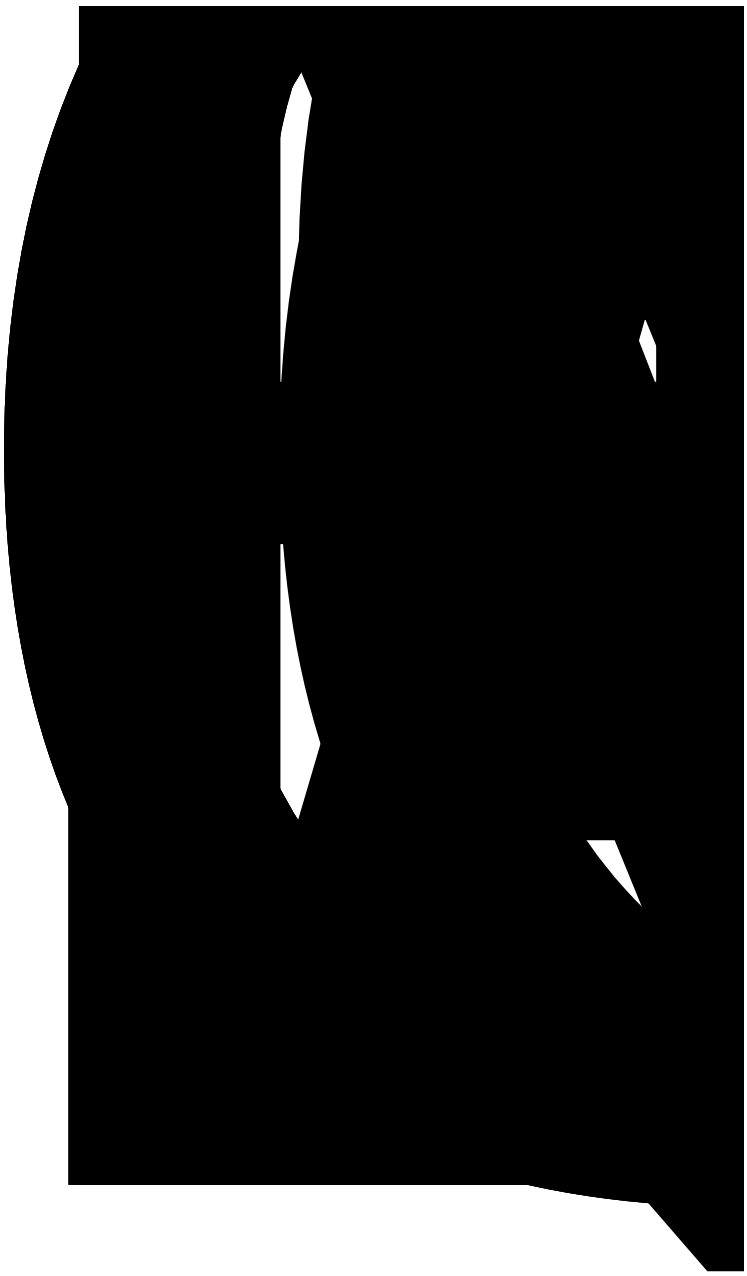
Guideline for Soldering (2)

清洗：



使用注意事项（3）

Precautions (3)

When handling the product, touching the encapsulant with bare hands will not only contaminate its surface, but also affect its optical characteristics. Excessive force to the encapsulant might result in cracks and thus premature failure of the LEDs due to dieattach breakage or wire deformation. For this reason, please do not put excessive stress on LEDs, especially when the [illegible] Reflow Soldering.
